

MARLBOROUGH ARTIST RESIDENCY FEE BREAKDOWN

Typically artists who contact us about booking a residency at the Marlborough will have a conversation with us before writing the residency into their funding application. The cost of the residency includes in kind support from the Marlborough which can be used to strengthen these applications.

The fee breakdown is outlined below:

Rehearsal space

For rehearsal space in the theatre we would normally charge £100 per day - for residencies we can offer 50% in kind so it would be £50 per day.

Accommodation

We would normally charge £40 per person per night - we can offer 50% in kind instead making it £20 per person per night.

Overall

For a 5 day residency including rehearsal space in the theatre (10am - 6pm) artists are asked to write £250 into their funding bids as in kind support from the Marlborough and then write £250 cash into the bid for the Marlborough.

For accommodation you can write £100 into your bid as in kind support from us and then please include £100 cash into your bid.

In summary you would write £350 of in kind support for your funding application and £350 of cash which helps the Marly keep going.
